**Subject:** list of editors

Good Morning Guna,

We spoke Wednesday about editing unverified patient information. I don't know if it is a matter of training or permissions but it is important that staff have the knowledge and ability to edit unverified patient data.

The list of pre-verification editors should include:

Lab:

Arthur Kazianis  
Maureen Ahern  
Tak-Wah Chin  
Holly Glover  
Rita Padilla

Office:

Joe Peppe  
Jacqui Hankerson  
Rita Lungelow  
Charlene Phillips  
Janice Zanolli

Thank you,

Rozelta.
